"I'm a web developer with a background in film and video production. Attention to visual elements and the user's perception has always been the main concern of my work. As a Frontend developer I have focused on building single page web applications using React and the necessary tools and libraries to fulfil the project needs. Now I'm looking to join a team in which I can further develop and learn the ins and outs of writing code for production on a bigger scale."

EDUCATION

JAN-JUL 2021	**Full-Stack Web & App Development**, WBS Coding School, Berlin
MAR 2006 - JUL 2008	Film studies in Valparaíso University, Valparaíso (Chile)
MAR 2002 - JUL	Journalism studies in Playa Ancha University, Valparaíso (Chile)

EXPERIENCE
